Things That Make You Go Hmm!

Hmmm . . . Why did the school wait so long to get Coke machines? Why can't you ever get in to see the counselor when you need to? Why do you have to sign out to go to the bathroom? Why do you always get called on for the one problem you missed? Why ask Why?

It has taken hard work and determination to bring the school to this point, but perfection is still a long way away.

This year the school installed Coke machines. Although they cannot be used

until 2:30, it is a start.

Even teachers are making improvements. Some decorate their rooms to make the students feel more comfortable. With the painting skill of Michelle McRae, Mr. Watford has brought Rome to PCHS. He says, "I am pleased to be able to paint my room in Latin Styles." Other teachers are following suit. Mrs. Ogden, Mrs. Hubbard, and Mrs. Branch took the opportunity to paint their rooms also.

As the year has gone by and the changes, whether good or

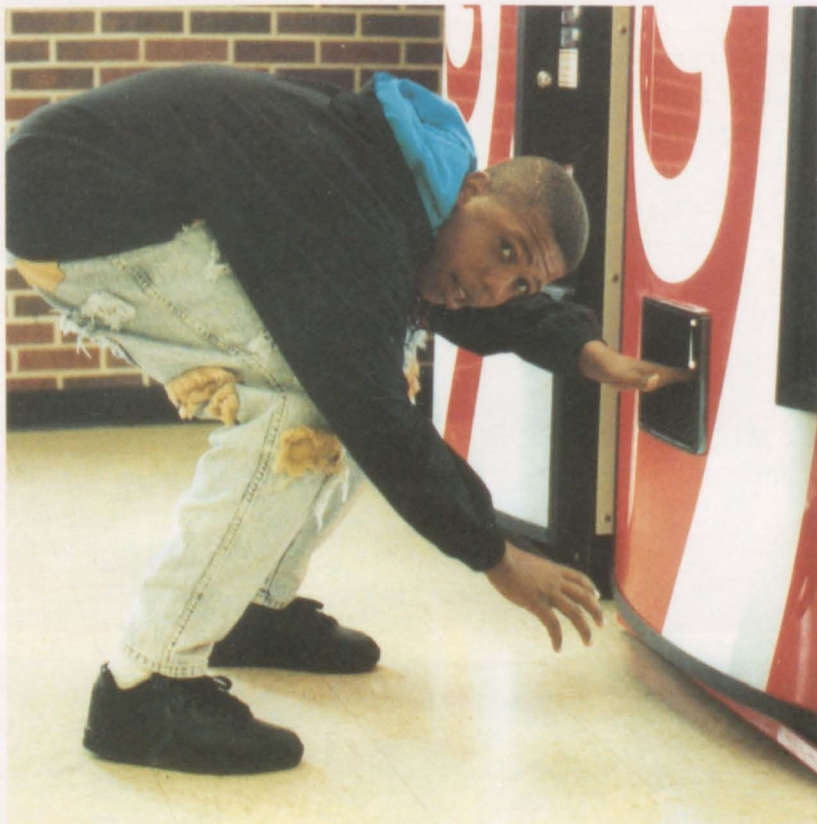

bad, have been made, students will always have questions that will make them say, "Hmmm!!"

What's your favorite lunch food?

"Barbeque sammich" — Jack Davis

"Mom's ham sandwiches!" — Jeff Holland

What do you think is the worst lunch combination?

"Chili, french fries, and coleslaw" — Marcus Wright

What do you like best about working in the lunch room?

"To be with all the kids" — Ms. Britt

What do you think about the long lines?

"Don't bother me much. I just break." — Danielle Jackson

"How much longer 'til lunch?"

At 11:25, the slight growl of empty stomachs can be heard throughout the school. When the lunch bell rings, a mad dash is made to the lunchroom. Some race for the main line while others scramble for a bag lunch. If on a nutrition kick or in a hurry, students may opt for the quickest line — the salad line.

Of course, there are always alternatives to eating. The library offers a peaceful atmosphere in which students can do their last minute cramming for tests or finish neglected homework. The first person to read this should bring their yearbook to room forty-six for a prize. Some take advantage of this time to socialize. Others try to study and socialize at

once. Shannon Smith commented, "It's really a socializing period, because we don't eat lunch."

While students do these things, one lucky teacher is chosen to serve lunch duty. Mr. Slusser, the Drama teacher says, "Lunch duty is probably the highlight of the month at PCHS." When asked why, he responded, "Because of the social interaction." Other teachers use this time to talk with fellow teachers and take a break from teaching.

No matter how this time is spent, everyone considers it valuable.

Michelle McRae, the 1991 Homecoming Queen, dances the first dance with her proud father.

The MC, Wayne Freeman, keeps the party going.

Wayne Made Us Go *Hum*

The second annual Homecoming dance sponsored by FHA was the perfect end-

ing to a week of celebration.

The students crowded around the lobby door anxious to get in. As they paid and entered, the lunchroom became filled. Once inside, they were astonished by the transformation of the lunchroom. Lanier Watkins, a Senior, said, "The decorations in the lunchroom were exceptional. They showed someone's hard work."

**„It was thumpin!„
— Earl Smith
sophomore**

The excitement continued to build as the students awaited the first song of the night. The MC, Wayne Freeman, got the party started with a fast song. Then, he dedicated the next song to the queen and her court. Led by the court, everyone else soon joined in. And this was only the beginning. The dancing continued until midnight.

Wayne, who kept the dance going, said that this was one of the best parties he had ever MCed. When asked if he planned to DJ again next year, he answered, "Yeah, they have already asked me to do it again next year."

left: The music is too loud for Kastella Woods, but Chewan Evans,

Charles Johnson, Yolanda Ellison, and Frederick Leary seem to be enjoying themselves.

Seniors And they say we're grown-up?

What a busy year! When you are filling out applications for college, taking last minute exams, and getting those needed credits to graduate, there's hardly any time to play until ... **HOMECOMING!**

This is a time to test your strength, ability, and craziness. In the Egg Toss, students toss an egg back and forth hoping not to drop and break it. The winners are the last to drop their egg, if they do. The Onion Race is a challenge to hold an onion between your legs and jump to the finish line.

When you begin to see short people lining up on the game field, you know the Tricycle Race is about to begin. The contestants pedal as fast

“The Senior games are definitely one of the best things about Homecoming!”

— Lillian van Hartsveldt

as possible to the finish. What's full of hot air, and tastes like garlic and coke? The Principal's Race does! Students blow up a balloon, tie it on to a food, run to eat a garlic pickle, and then gulp down a hot coke. Whoever finishes first wins, if they are not too sick.

All in all, the games are fun but tiresome, yet what would Senior year be without a little goofing off?

Who's The Fairest of Them All?

After many eliminations, the 1991 Homecoming Representatives were chosen. First, the candidates had to pass the grade requirement, which was 85 or above. After this there was a week of intense campaigning. Candy and buttons were passed out and posters put up. Then came election day. The tense anticipation ended with the announcement of the winners. Angie Walton and Erica Smith represented the Freshman. Sophomores chose Karan Kendrick and Hope Liipfert. The junior nominees were Stacey Jones and Tamara Taylor.

The competition did not end there for Lesli Burton, Lynne Gassett, Lynn Joyner, and Michelle McRae, the Senior court. There was yet another election to determine the Homecoming Queen.

On the night of the game, the girls entered the stadium, each dressed in a beautiful evening gown. At half-time the court took the spotlight. Finally the Queen was announced. An emotional Michelle McRae was crowned. With her proud father standing beside her, she ascended the platform with roses in hand.

What Makes Us Go Hmm?

■ How do they get those boats in those bottles? — Nikki Zachery

■ Is Elvis still alive? — Dwayne Joyner

■ What do Guess clothes want you to guess about? — Lisa Kirby

■ Why does everyone complain about the weather, but never do anything about it? — Coach Kelshaw

■ Is a tomato a fruit or a veggie? — Cindy Martin

■ What am I going to do with my life? — Tammy Smith

■ Why is a dog's nose always wet? — David Collins

■ Girls!!! — Jason Blackenship

■ Mr. Barrett's Chemistry test — Hope Liipfert

When you say "Hmm" you generally look up. Why is that?

Neuro scientists have found the answer to this question by the continuous study of people's reactions. They have come to a conclusion that people look up and to the right when trying to remember something. People also look up and to the left when thinking of something new. The scientists believe that these reactions are directly linked to where the brain stores these thoughts. Both of these reactions are brought about by one word "Hmm"

The way They were

The annual staff was distracted from their work one day and began to rummage through a stack of old yearbooks. It was discovered that the design of annuals had changed a great deal over the past fourteen years, but some of the faculty had changed even more. Others looked exactly the same. The staff found some priceless pictures of faculty in the 1978, 1981, and 1982 Retrospects and wanted everyone to see the way they were.

Who Make Their Teachers Go Hmm?

The Selected Seniors are a group of outstanding students who have excelled in certain areas of study. This elite group has put in long and hard hours in order to be recognized by their teachers in such a way.

The different areas recognized range from Art to Science to Home Economics. Others include Math, Language, English, Music, Business, History, and Band. Although many people are considered by the teach-

ers during the process of elimination, only one person can be chosen in the end. This is a really great honor for these students, and they should be very proud of this reward.

Pictured below are these students: Stephanie Krug, Michelle McRae, Wendy Tharpe, Priscilla Collins, Shannon Smith, Sherrie Singletary, Jacinda McCrary, Glenwood Hill, and Wesley Hamlin.

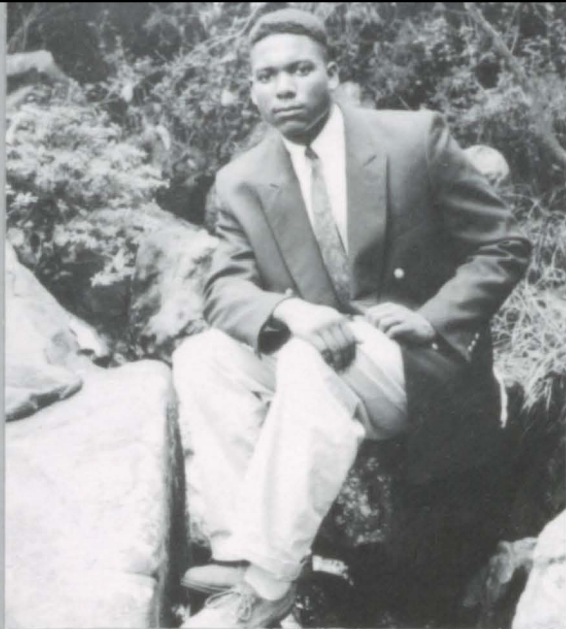

Sherrie Singletary

The Selected Senior in Business, Sherrie Singletary, enjoys writing poetry, singing in her youth choir, playing church softball, and going out with friends. After high school she plans to go to Georgia Southwestern College and major in Nursing.

“Sherrie exemplifies qualities of a successful career person. She is energetic, conscientious, hardworking, and dedicated.”

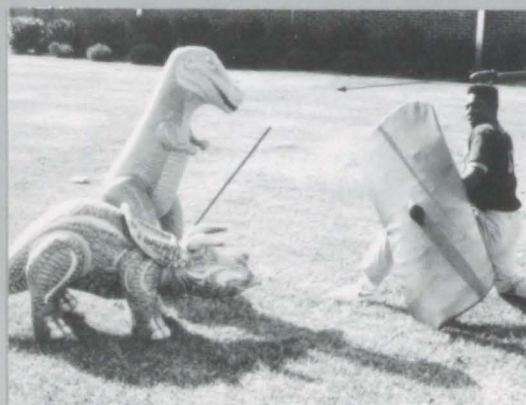

—Mrs. Miller

“One of the five best history students I’ve ever had.”

— Mr. Orr

Glenwood F. Hill, II

Woody was chosen to be the Selected Senior in History. Public speaking, playing games, and hunting are just a few of his hobbies. He plans to attend college and major in medicine.

“Jacinda exemplifies a Home Economics student not only gradewise, but in her daily life.”

— Mrs. Byas

Jacinda McCrary

The Selected Senior in Home Economics, Jacinda McCrary, spends her spare time talking, listening, to the radio, and dancing. She plans to attend college and major in Middle Grade Education.

“In the three years since we started the program, Shannon has been the most consistent student. I’ve enjoyed having her in my class.”

— Mr. Slusser

Shannon Smith

The STAR student is allowed to choose the teacher who has influenced him the most. Woody chose Mr. Thomas Orr because, "Mr. Orr has had a tremendous positive effect on my life. He has challenged me to truly think for myself and not accept information at face value as truth. His influence has helped me to become a more well-rounded person mentally."

What A Bunch!!

This year the Senior Class was allowed to vote for the Senior Superlatives. After much calculating, the results were announced. The students that were chosen are pictured below. From left to right they are: first row — Nicole Dent, Lynne Gassett, Stacye Gibson, Lynn Joyner, Kim Brown, Tracy Duke; second row — Priscilla Collins, Michelle McRae, Dawn Tabor, Lesli Burton, Norman Whittington; third row — Craig Tribble, Bradley Carthon, Russell Lawrence, William Moultrie; fourth row — Curtis Sanders, Tony Locke, Darrell Hallman; fifth row — Trent Parker and Scotty Walton. These

students were allowed to leave school campus and have pictures taken. This rowdy group piled in to cars and headed to Camellia Gardens. The group was paired off and each couple went in search of that "perfect spot". These were chosen and soon the photographer, Chris Khoury, was running from one side of the park to the other. One by one each picture was taken. After a long morning of changing clothes, finding spots for pictures, tracking Chris, and posing, it was over. The hungry Seniors went for lunch. Then they went back to school just in time for fifth period.

Juniors — “Almost There”

After years of going to school and doing lots of tiresome work, the Juniors are “Almost There” (12th Grade). It’s taken a long time to get this far, but then it finally arrived, it came with many surprising responsibilities. Juniors had the obligations of collecting dues and deciding on the prom’s theme, colors, and

“Make it last forever.”

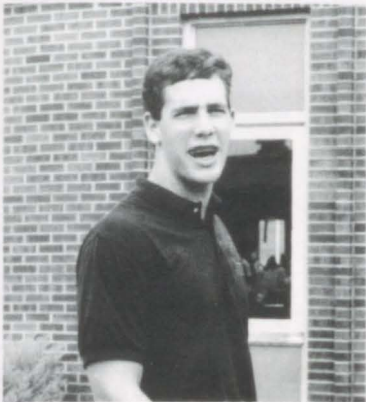

— Rosby Johnson

decorations. Last, but not least, the decorations had to be put up in gym for that glamorous night to remember. Guess whose responsibility that was. That’s right! The JUNIORS. When Rosby Johnson was asked about the upcoming prom, he said, “Make it last forever.”

Some people like Debbie Clark and Maria Howard take lunch time to talk instead of eat.

Maurice Appling, Timmy Sanders, and Alyeska Scott take a quick break from the game.

Hey Alex, "What's wrong?"

What in the world is Jason Ward doing?

Terry Nix watches as Todd Gilbert shows her what work really is.

Kelley Brown takes her time to study for her next test.

Luwon Penamon poses for the camera at lunch.

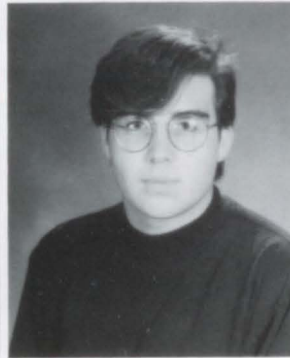

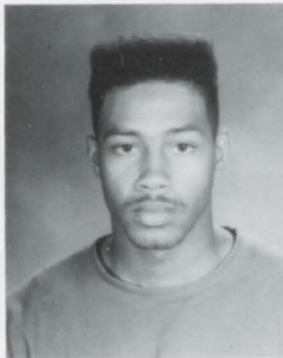

Mistie Edwards enjoys herself at the Trojan football game.

Officers: Quovadis McKenzie (Secretary), Felicia Solomon (Treasurer), Carissa Dorsey (Vice-President), Carlos Lindsey (President).

How Do Sophomores Say *Hum?* — Better Than The Rest!

By the time they have gone through the embarrassment and harrassment of being a Freshman, the Sophomores can really appreciate high school. They have learned that there is no elevator in the gym and they are finally getting along with last year's upperclassmen. They have gotten used to Pep Rallies and some of them do not have to ride

Remember last year's Pep rallies?

This year things have changed! New games such as "Pin the Tail on the Bulldog" and "Football Toss" made the pep rallies exciting. Different class competition races were added. Even TroJo made an appearance! But the most popular feature for the playoff games was the "Lynch Mob", a group of guys dressed as the

opponents cheerleaders. These "cheerleaders" performed funny cheers and made people laugh with their silly dances. These pep rallies caused the Trojans to "GET FIRED UP!"

Freshmen — Why's everybody always picking on me?

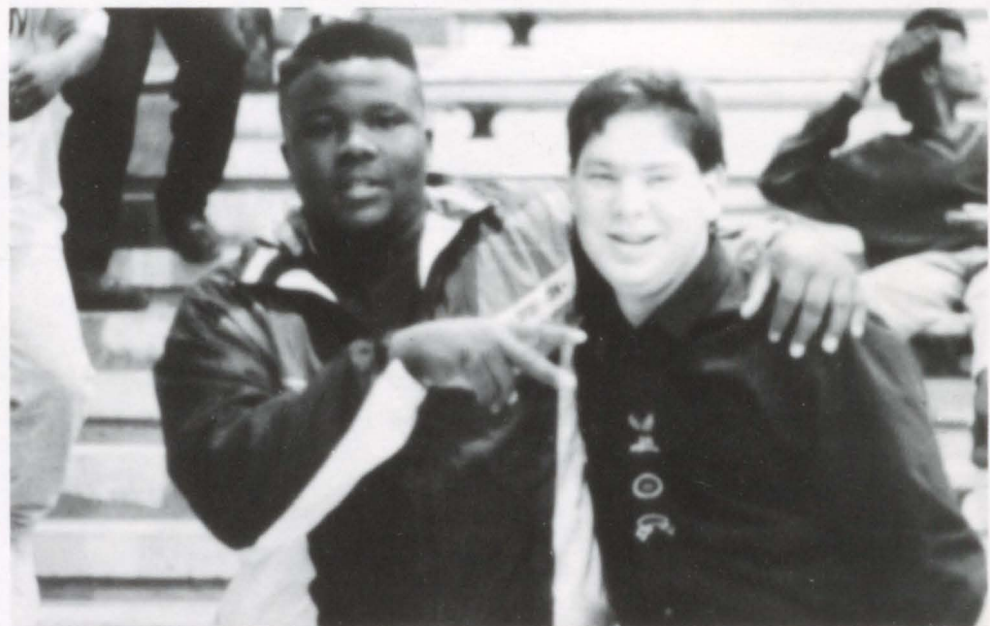

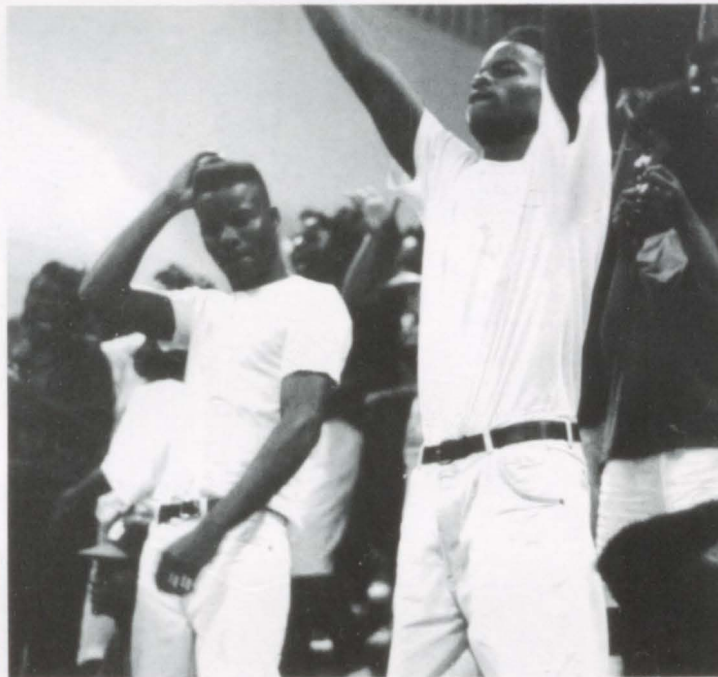

Many Freshmen may ask this same question. Well, the answer is very simple according to the Freshmen, "They're just jealous." Of course upperclassmen laugh at the idea of being jealous of a freshman. They say freshmen ask too many questions like "Where's the gym?" or "When do I go home?"

“Where's the bathroom?”
— Kirby Tracy

After a few weeks they seem to be just another PCHS student. Some freshmen are just looking forward to next year when they finally have a little respect. When and if this time ever comes would be doubtful after the first day.

From Worst To First

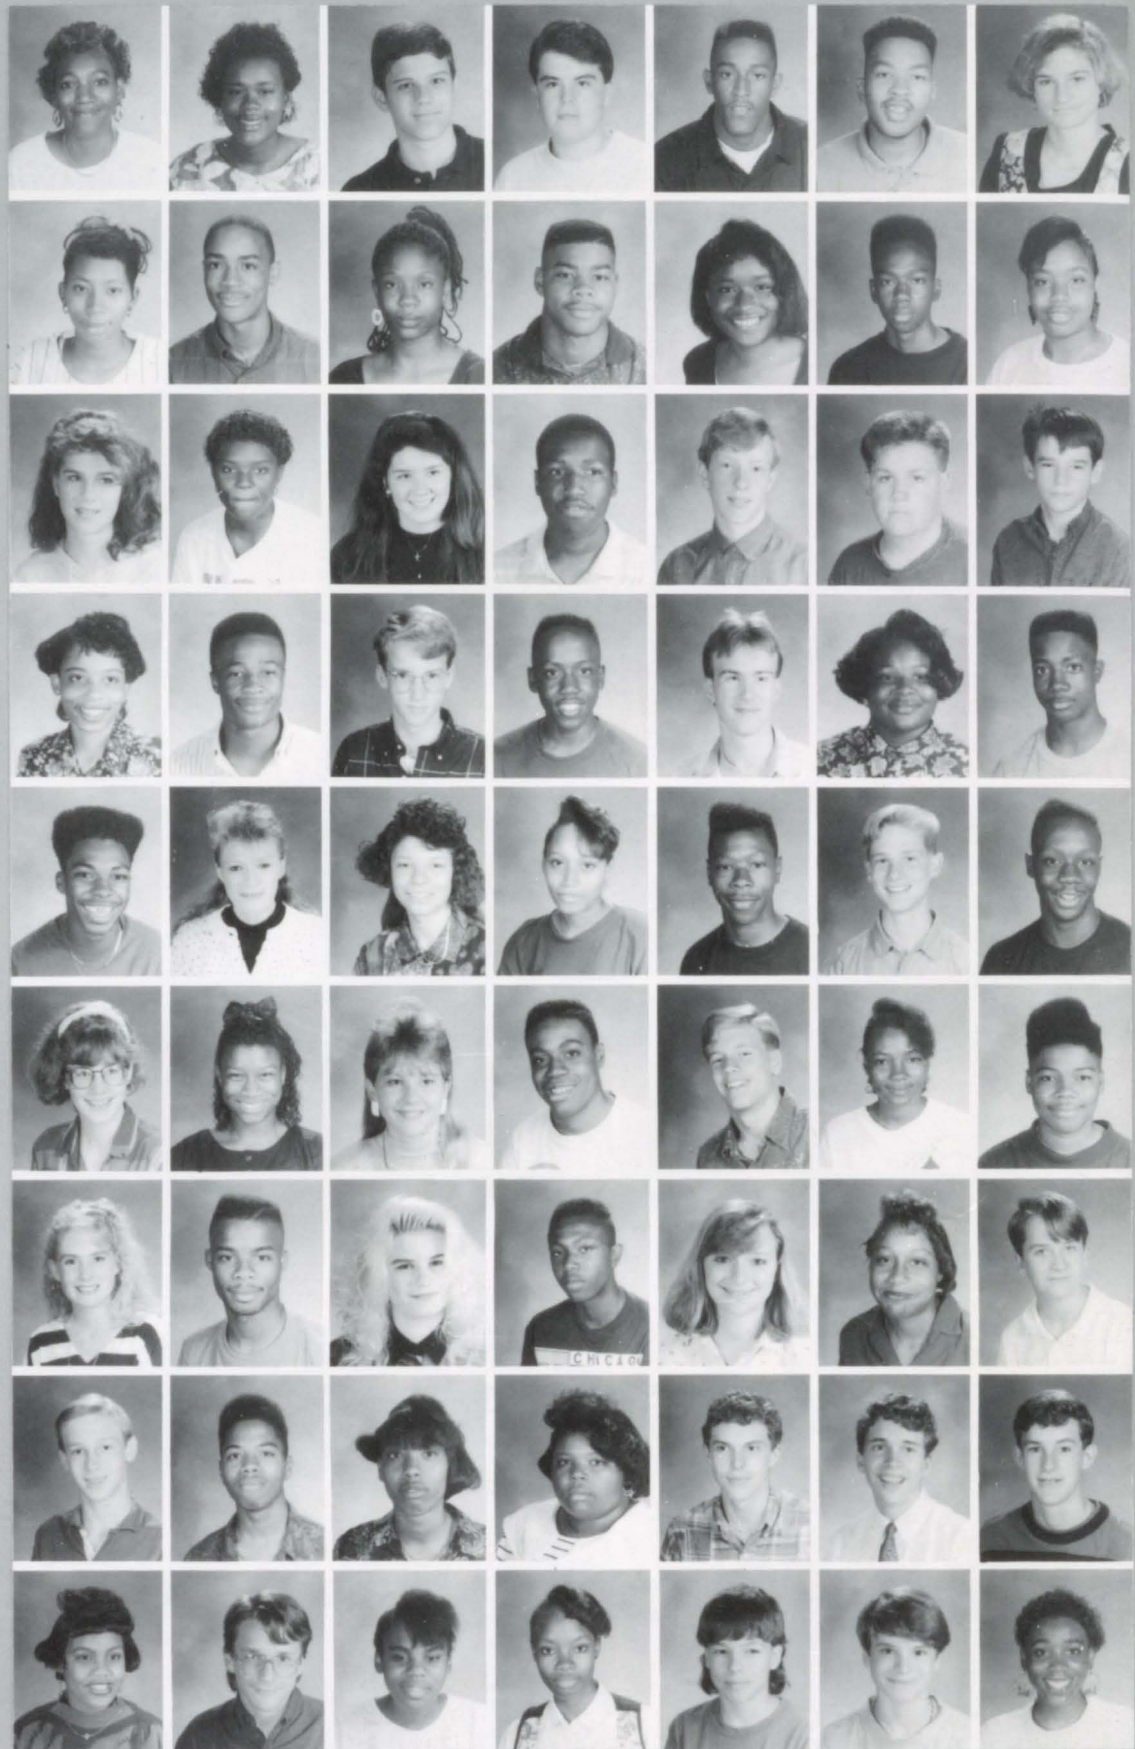

The 1991 Atlanta Braves were surprisingly successful during the 1991 season. They succeeded in capturing the National League West title after finishing last in the preceding season. They went on to win the National League pennant and represented the National League in the 1991 World Series. The series was played down to the seventh game and the Braves were defeated.

Many of the team members received awards for their accomplishments. Terry Pendleton received the Most Valuable Player Award and the Braves manager Bobby Cox received manager of the year. A young pitcher by the name of Tom Glavine pitched a tremendous season. He was the first pitcher of the season to win twenty games and received the Cy Young Award.

Most people described the Braves as the worst team in baseball. The 1991 season was filled with surprises when the Braves went from worst to first.

Faculty — Does Your Teacher Have The Spirit?

After the students spend almost seven hours a day with them, the faculty has become a second family to the students here. Dedicated to their profession, the teachers not only have their six classes each day, but many also find time to sponsor activities for the students. One example of this is the newly founded Pep Club in which the

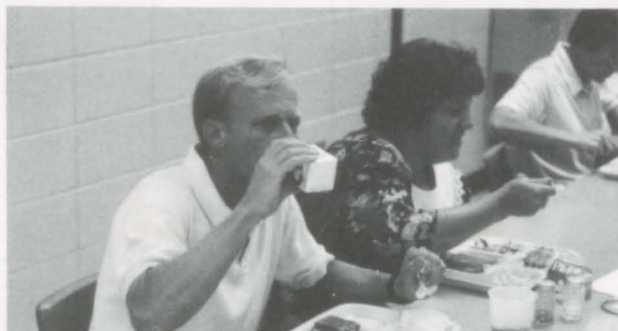

"We fired up spirit with posters, banners, and pep rallies in the halls. We hope to do even more next year." — Mr. McInnis

teachers attempt to bring out the school spirit in everyone. During the playoffs, the Pep Club had the students wearing spirit hats, spirit shirts, and spirit ties! This brought a lot of excitement to a usual day.

Dedicated To The Ones We Love

This year's annual is dedicated to a few special people without whom the school could not function. These people are none other than the "office ladies" — Mrs. Jamie Bailey, Mrs. Virginia Clark, Mrs. Annette Jones, and Mrs. Marian Mapel. Throughout the years these ladies have shown love, support, and patience to the students and faculty. Their friendly smiles and cheerful dispositions help to brighten anyone's day.

Among these ladies, a combined total of fifty-eight years have allowed them to achieve perfection in office management. These few dedicated people have labored endlessly, checking students in and out of school, typing up absentee reports, and countless other tasks which often go unnoticed. Many thanks are given to these VERY special people — the "office ladies!"

Clubs — How Do We Spend Our Spare Time?

At the beginning of each school year, students are encouraged to join a wide array of various organizations. Each club is unique, but all of them allow a student to excel, have fun, and make new friends. This year was no exception.

Many clubs go on trips and engage in extracurricular activities. To do this, they had to have money! So . . .

For many clubs, money was raised through the selling of wrapping paper,

“I join clubs to make new friends.”

— Jacques Emerson

tickets to special productions, TOM-WATT, and t-shirts. The profits from all of these were used to allow members to attend conferences, compete in competitions, and go on weekend trips, to name just a few.

The clubs at PCHS also did many service projects. Everything from tying on ribbons to remind people of the dangers of drinking and driving to visiting nursing homes was done. It was truly a year to make ya say “Hmm!”

Drama Club

This is the Drama Club's third year in existence at Peach County High School. They have an enrollment of over 60 members that put on three plays this year. "The Taming of the Shrew", the Victorian play, "Charley's Aunt", and the musical "Oklahoma!" were performed. Along with these dramatic performances, the Drama Club members participated in the State Adopt-A-Mile program. Members got out four Saturdays a year and cleaned up trash on the sides of the road for their mile. They also cleaned up the gym after the prom. These activities kept members busy the whole year. We anticipate even more!

Quiz Bowl Team

This year the Quiz Bowl team, made of three Seniors and one Junior, competed in Teen Challenge on Channel 13. Their first competitions was against Telfair County, and Peach County emerged victorious. This win allowed them to return and take on Dublin. Ira Tyson, a Senior member, said, "You get nervous

facing off against a team you don't know much about, especially if it's televised, but we are going to do our best. We usually do."

Science Bowl

A select group of science oriented students, led by Mrs. Kicklighter and Mrs. Clark, made up the Science Bowl team. Questions asked at Science Bowl competitions involve Biology, Chemistry, Physics, and Earth Science. Each team member specializes in a different field of science. At the Georgia Southwestern Competition in Americus the Peach County team was awarded third place.

Literary Debate

The literary debate team is made of the four most experienced debaters. They were responsible for teaching new debate team members their techniques. While doing this, they also had to prepare for the many competitions, including region. The members planned to go to state. Neal David said, "for those who are competing in state, region is a good practice run."

The Cream of the Crop

The literary participants were a well-rounded group of students. Each had a special skill that he contributed to the team.

In extemporaneous speaking students had to draw a topic at random. They then had a limited amount of time to prepare a speech.

Students who competed in oral interpretation had a prepared work that they read or recited for dramatic and humorous emphasis.

Those who entered the spelling competition received a list of words to study. They went through rounds of competition to determine who would advance to region.

The two boys and two girls who rep-

"It's an honor to be part of the elite." — Tiffany Childress

resented the school in typing were chosen by their teacher because of their ability to type with speed and accuracy.

The students who competed in the computer processing portion of literary not only needed to be able to type well, but also be very familiar with computers.

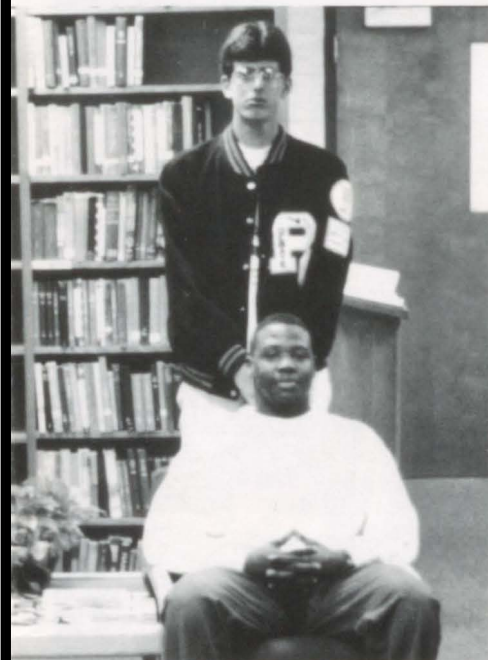

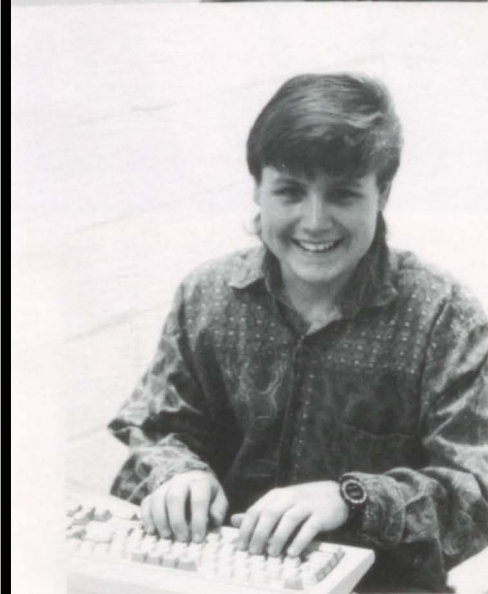

In the essay competitions, students who wrote creatively were chosen to compete. They picked topics, usually on current issues, at random and had to write an essay in a limited time.

The Home Economics representative was chosen by Mrs. Byas because of the student's outstanding domestic abilities.

Due to all of the participants' dedication to their special area of talent, the literary team was very successful at region.

This year has been an extremely productive and exciting season for the chorus. From the start of the school year, many hours went into making the chorus of Peach County the best that it could possibly be. Chorus members were one of the featured acts in the Christmas cabaret, "A Very Merry Christmas." This is the second year that the chorus has been involved with the cabaret. Also during the Christmas season, the chorus along with the school band, performed during the school day before the holidays.

To raise extra funds, singing-

grams were sold for Valentine's Day. These gave a new twist on the old idea of giving plain valentines. On February 14, members of the chorus informed the lucky recipient that a song had been dedicated especially for them and would be sung in their lunch period. These were a huge success for everyone who gave and received.

In January, try-outs were held for the highly regarded spots in the girls' trio, boys' quartet and both solo divisions. These lucky finalists competed at the literary competitions in the spring.

"I'm in chorus because I love to sing."

How 'bout those Marching Trojans?

The Peach County High School Trojan Marching Band has had a fabulous year of performance. The band earned many honors this year at two very prestigious competitions. The band journeyed to Douglas, Georgia for the Gold Leaf Competition where it received both superior and excellent ratings and to Springfield, Georgia to the second competition where it received superior awards.

This year the crowds loved the band's performances of "Bravado", "Children of Sanchez" and a medley of sixties favorites that absolutely wowed the crowd. The Golden Girls used capes, discs, horns, and hoops that corresponded to the music being played. The Flag Corp decorated the

field with shimmering pastel flags during "Danny Boy", the closing song in this year's competition show.

From the beginning of a football game with beautiful pieces such as the National Anthem and "Amazing Grace", to the thrill of a touchdown with the Victory March, the band kept the crowds pumped and excited.

And who's got that boom? We do!

One of the most exciting parts of the halftime show is watching the drummers and the tuba players. Both of these sections of the band have their own unique style of playing. Everyone wants to know what funny thing the tubas will do tonight. And the students absolutely love listening to the drum line at pep rallies and games.

The tubas and drum lines have also wowed several judges this year. Both sections received both superior and excellent scores at the Gold Leaf Competition in Douglas, Georgia and at another competition in Springfield, Georgia.

All in all the bass players of the marching band have successfully contributed to a wonderful season of music.

Do 'ya wanna dance?

The Golden Girls have had a tremendously wonderful year of dancing. These girls have received two superior honors from competitions in both Douglas and Springfield, Georgia. Creative props such as capes, discs, and horns totally wowed the judges. The Golden Girls were so good this year, it makes everyone wonder what they'll be doing next year. "This is the best kick line I've had in a long time," replies confident director, Mrs. Byrd.

The Golden Girls were once again invited to participate in the National Dance Team Championship Competition at Sea World in Orlando, Florida. Their Home Routine which scored second place at the Universal Dance Association camp in Carrollton, Georgia won them an invitation to compete. At camp, the twenty-two girls brought home at least eighty-eight blue ribbons, and they managed to win a spirit stick every day. Nicole Dent, a three year Golden Girl, said, "Drill team is a lot of hard work but it always pays off Friday night."

Who's Best in the Band?

Who IS the best in the band? This is a question that the students of Peach County High School may never know the answer to. The flutes, clarinets, saxophones, and trumpets are all very strong sections of the band. They have all taken home several superior titles over the past few years. However, these students do more than just play music. Some of the players even took time out to sharpen their dancing skills at a special halftime presentation where they performed a routine with the Golden Girls and the Flag Corps. So as you can see, this bunch of talented dancers and players is wonderfully well-rounded. So how will you decide who's best?

Give It A Twirl

Twenty-eight young ladies make up Peach County's Flag Corps. They practiced during fourth period and after school with the band. Beth Martin said, "All the hard work is worth it, and you become a lot closer with your friends, too." The corps contributed to halftime shows and parades with colorful and unique routines. Captains Wendy Sorenson and Priscilla Collins and Co-Captain Chewan Evans all agree by saying, "At times we'd like to kill them all but when we work and pull together, we come out on top and manage to be the best."

The flag corps went with the band to the Gold Leaf Invitational in Douglas and the Coastal Empire Classics in Effingham. They brought back trophies of straight superiors. Justine Girdner, the flag corps director, said, "This is one of the best flag corps, but it could have been better." She hopes the corps participate in some indoor competition with the flags and rifles next year.

For Your Entertainment

The Peach County High School Trojan Marching Band participated in two very competitive expeditions this school year. Their scores were either excellent or superior which says that they have a lot to brag about.

The first competition was the Gold Leaf Contest in Douglas, Georgia. The drum line and the band scored excellent marks, while the drum majors, the drill team, and the color guard received superiors, giving the band an excellent overall score. The color guard earned third in class. The Golden Girls received second in class, and the band scored an overall third in class.

The Coastal Empire Classic in Springfield, Georgia followed up the Bainbridge vs. Peach County football game. Every section of the band was given a superior score, which gave the band an overall superior rating. This competition was definitely worth the trip.

Sports

"What Does It Take?"

You may ask "What does it take to have a successful athletic program?" The Athletic Department of Peach County High School had the answer this year. The majority of its teams possessed a winning record at the end of their season. Coach Neil Rumble said, "The number one thing it takes is talented athletes with a strong sense of commitment. Good coaches that care about the kids are a great help too. All of these help to make a product that the community will want to support." The Athletic Department has definitely established itself as a dominating threat in its new region.

Senior point guard, Marquaz McGhee, said that

"It takes a lot of hard work along with determination and spirit."

— Alex Vinson

defense and dedication are what it took to obtain the basketball team's winning record. Dedication is a way of life shared by the athletes of Peach County High. Without dedication there would be no drive to give it their all in the games as well as at practice.

The football team captured the Region 3AAA title with a record of 11-2. When asked "What does it take?" Junior right tackle, Alex Vinson, replied, "It takes a lot of hard work along with determination and spirit." Most teams put in their share of hard work, but that extra bit of spirit is what pulled the Trojans through a tough game or enabled them to hold their heads high even when they lost.

3AAA Champs?

As far as Peach County football goes, this has been, by far, the best season yet. The record-breaking 1991 Trojans ended the season 11-2, the best record ever by Peach County football team. They won the first region title in school history by capturing Region 3AAA. The offense was led by Senior runningbacks Maurice Appling and Jessie King, who each rushed for over 1000 yards, and quarterback, Luwon Penamon, who added over 600 yards of his own. The defense possessed an array of talent which gave them the honor of being ranked one of the top five defenses

in the state. Together they won the first state playoff game ever by beating Thompson 19-0. Their only losses were to the Region AAAA team Bainbridge and AAA Semifinalist Worth County. One of the greatest victories of the season was a 14-13 win over Kendrick, who later became the state co-champs.

Who's Undeclared?

Under the leadership of Coach Eubanks and Coach Hamilton, the ninth grade football team had another awesome season. Against teams such as Southeast, Houston Co., Harris Co., and Jones Co., the team pulled out easy victories. Turner Co. proved to be trouble; yet the Trojans were able to come from behind and defeat them.

Who Has The Spirit?

The 1991 cheerleading squad proved to be an effective factor in boosting the spirit of the student body. At the pep rallies, they led the cheers and class spirit contests, which prepared the students for the game that night.

Over thirty girls tried out for the squad and a select sev-

enteen made it. To prepare for the season, the squad had to go to cheering camp where they won the "Most Improved Squad" trophy and brought home the spirit sticks for the fifth year in a row. The 1991 cheerleaders definitely had the spirit, great job girls!

Making Their Points

The 1991-92 Trojans and Lady Trojans were spectacular this year. Both teams had a near flawless record and were known for their devastating defensive stands. They were also ranked in the top ten in state throughout the year. The Trojans consisted of 13 guys from which most had the ability to start each game. Coach Eubanks, with the help of Coach Lightfoot and Coach Barker, did a superb job. The Lady Trojans put forth a fine team effort of their own. Coach Cherry led the Lady Trojans to another outstanding season. The Trojans and Lady Trojans defi-

nately "made their points."

Did They Go That Extra Mile?

Going that extra mile is something our Track team does best. They not only give it their all in practices, but feel it necessary to train throughout the year. Aron Burnett and Josh Forbus run on a regular basis. The shotput and

discus throwers lift weights during the off-season. The track team had a great season last year, and are expecting the same this year because they "Go that Extra Mile!"

What's All That Racquet?

This year's tennis team had to be at their best to compete with the tennis team from the year before. The tennis team captured the first place in region for the girls and second place for the boys. Both teams travelled to Albany to compete in state. Although their spirits were high, neither the boys or the girls advanced past this first round.

The season was tougher this year because of the loss of five seniors. However with the addition of Melody Montgomery, Kirby Tracy, Brantley Whitley, Tracy Winters, Chas Massey, and Jaime Crook, the team was able to come out on top.

B-team

Trojans and Lady Trojans had another awesome year.

They ended their seasons with convincing records that stated they were top-notch teams. The boys team was led by sophomore, Jacquez Green, who led in points scored. Coach Lightfoot did a great job in preparing the boys for each game. The girls team played as well and usually came out on top. It has been a genuine pleasure to be advisor for the 1992 *Retrospect*, and a significant reason for this is that I was blessed with a wonderfully creative and dedicated staff.

I wish to express my sincere appreciation to the whole yearbook staff for accomplishing in such a cheerful fashion the vast amount of hard work which goes into the making of an annual. The staff possessed equal doses of good humor and dedication, and it has been a joyful experience to be associated with them.

To co-editors Kelli Blasingame and Stephanie Krug I give hearty thanks for providing splendid leadership and for leading by example.

Contemplating 1993 without my graduating seniors causes me to sigh, "Hmm."

Puttin' It All Together

The Journalism class has as its main purpose to create a successful and well represented yearbook. The students have tried to do this as best they could.

The staff pulled together to work on all parts of the annual. Ashley Parks, Stephanie Krug, Wendy Tharpe, Chris Khoury, and Kelli Blasingame dedicated many hours to the opening section of the annual. Leah Newton and Nicole Dent spent much time on the Senior section. With help from experienced members, new members Brantley Whitley, Lisa Jordan, and Deidra Whaley prepared the Freshmen and Sophomore sections. Dawn Middlebrooks managed the Juniors on her own and also helped Allison Gatliff, Robyn Rader, and Kelli with clubs.

Amy Culpepper and Nicole, being in the band, pulled together to design a wonderful band section. Randy Saye, John Moore, and Stephanie worked on sports, all three adding new ideas and views on the section. The faculty section was created by Wendy after many hours of anxiety and frustration. Ashley was in charge of the ads. Everyone's problems and questions were brought to Kelli, the Editor, who not only gave answers, but provided the leadership and organization necessary in putting together a yearbook.

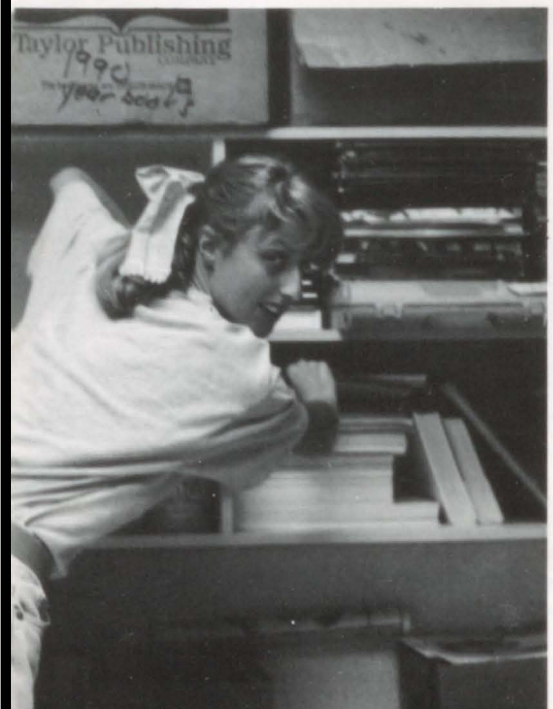

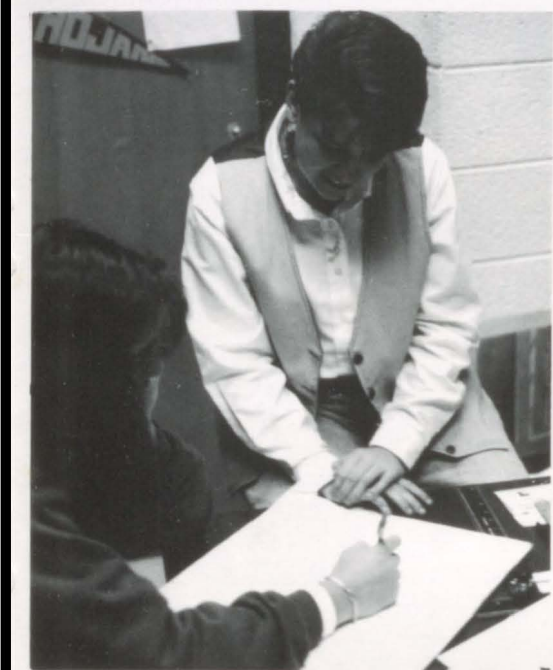

Chris, Brantley, and John were also the photographers. When there was an event to be covered, one of these photographers was there. Many extra hours had to be put in, and these guys did it.

Although everyone had his own job, he could be counted on to pull together with the others and meet a deadline. For instance, when a deadline was pushed up a day, the whole staff pulled together to meet it. Some also worked on other sections once they finished their own. Anytime a gopher was needed, one could be found in Lillian vanHartesveldt, Nicole, Leah, Deidra, Dawn, Lisa, and others.

It took determination, cooperation, and much devotion to make this annual the best ever. By putting in extra hours and helping out where he was needed, each person showed these key elements.

Four years ago, these young ladies came into the gifted class at the high school. They arrived as extraordinarily intelligent students and as close friends. “We’re Here For You”

Some people believe that a bank's business is money, but we believe our business is you. We have a heritage of service and commitment to our community that simply cannot be found anywhere else. We believe that the best way to keep our community strong, vital, and moving ahead is by helping you.

SHE WALKS IN BEAUTY

SHE WALKS in beauty like the night
Of cloudless climes and starry skies;
And all that's best of dark and bright
Meets in her aspect and her eyes:
Thus mellow'd to that tender light
Which heaven to gaudy day denies.

One shade the more, one ray the less,
Had half impair'd the nameless grace
Which waves in every raven tress,
Or softly lightens o'er her face—
Where thoughts serenely sweet express
How pure, how dear their dwelling-place.

And on that cheek, and o'er that brow,
So soft, so calm, yet eloquent,
The smiles that win, the tints that glow,
But tell of days in goodness spent,
A mind at peace with all below,
A heart whose love is innocent.

Do We Have To Say Goodbye?

As the school year draws to a close, some may look back with wonder. Where did the time go? The seniors may be reminiscing of their earlier year while the others are looking forward to their promotion to sophomores, juniors, and seniors.

Many students look back with relief. One more year of exams, projects, and term papers is over. Everyone has survived Christmas holidays and spring break. The countdown has begun to the end.

There are others who are wondering, is this goodbye? Seniors must say their farewells to those they leave behind, but at the same time welcome their future. For everyone else, it is only goodbye for the summer.

Josh Forbus sits back while Shane Dotson does all of the work.

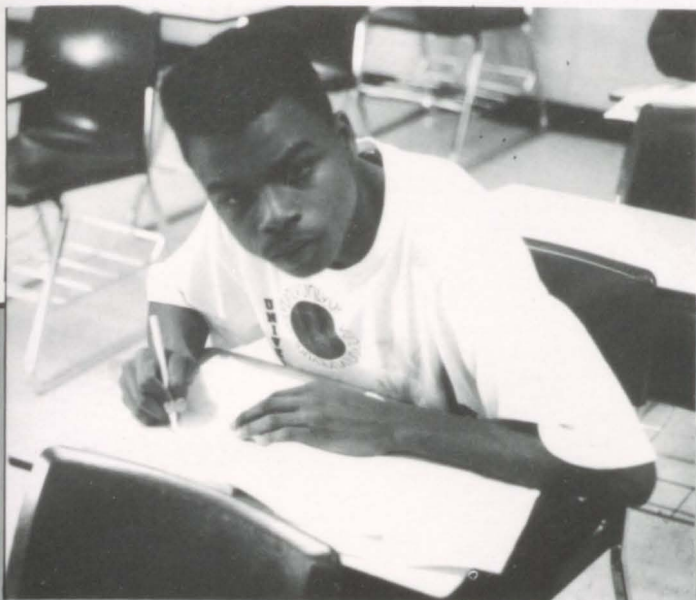

Trojo ponders thoughts that make him go "hmm!" middle: Theodosia Strange is happy to be a senior.

Senior Becky Schooks visits her locker one last time.

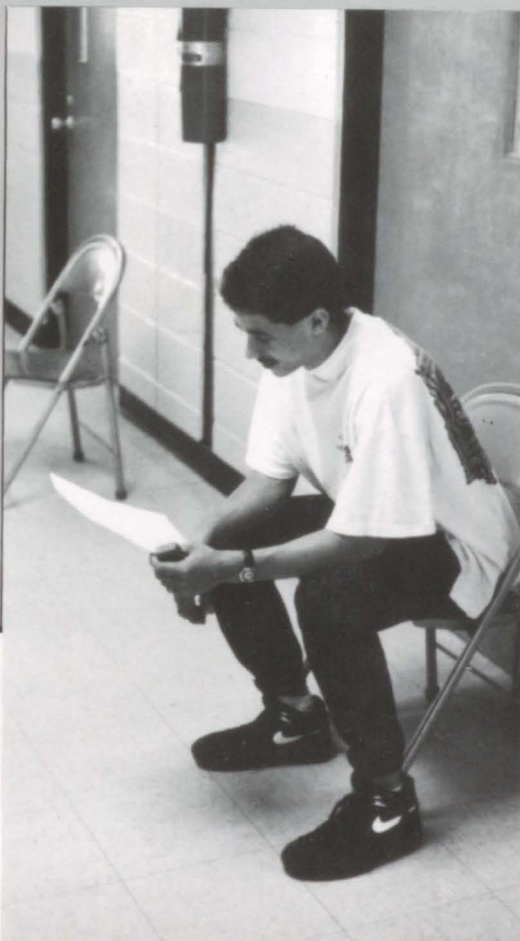

Senior Randy Saye cuts class to take a "coffee break."

Marguaz McGhee is happy that he is studying for one of his last high school tests.

middle: Nikita Shannon, Comeiko Williams, Meaza Fluellen, and Kendra Banks make plans for the afternoon.

above: Sandy Parks, Dana Cross, and Heather Sledge spend their lunch studying for an afternoon test.

Nakia Anthony enjoys staying out of class any way he can.

Trent Parker, Josh Roberts, and Ira Tyson play in class while Mrs. Kicklighter is out.
